

a shared dining experience

At Benny's Hot Wok Cafe & Bar we are delighted to present a new menu concept that features a shared dining experience. Our chefs have created a range of superb contemporary Asian dishes that are designed to be shared. It heightens the dining experience, allowing you to try a greater range of flavours, and to eat as little or as much as you like!

As each dish is cooked using the best of seasonal and local produce, it is brought to your table straight from the kitchen.

Food, like life, is a shared journey to enjoy!
